

## Benefits of Far Infrared heating

- ✓ I.R has the fastest reaction time of all heat sources
- ✓ No heating empty rooms
- ✓ Fastest time to comfort warmth in room
- ✓ Instant switch off to avoid overheating
- ✓ No transferring heat from heat source to each room
- ✓ Heat objects in room not the air to reduce heat loss through air ventilation
- ✓ Reduction in thermostat by up to 2°C to achieve 21° C comfort level results in 12% energy saving
- ✓ No runaway costs each zone has a set amount of controllable energy
- ✓ Easy to install
- ✓ No specially trained engineers
- ✓ Fit and forget
- ✓ No maintenance
- ✓ Any failure only effects one zone not complete heating system
- ✓ Improved air quality
- ✓ Reduced room to room heat transfer
- ✓ Solar and wind compatible
- ✓ Low carbon foot print
- ✓ In line with 'the future homes standard'
- ✓ Planet saving Whole Life Carbon (WLC) level
